## **Suspected IED makers nabbed in Samarra**

SAMARRA, Iraq – Iraqi Army and Coalition forces detained three suspected bomb makers in a joint raid on Sept. 23, near Samarra.

The cordon and search operation also found three AK-47s and a structural metal support which appeared to be used for power line cables. Authorities believe the power line infrastructure was un-related to IED manufacture and been stolen to be sold at a later time.

The detainees were transferred into Iraqi Army custody for further questioning.

No injuries or damages were reported.
